## OBJECTIVE

I am a proactive third-year Software Engineering student at Addis Ababa University, known for my fast learning abilities and eagerness to explore technology. My dedication to making a significant impact in the software industry drives me to pursue excellence and approach challenges with a solution-oriented mindset. I am passionate about leveraging my skills and knowledge to contribute meaningfully to the field of software engineering.

As a motivated and hardworking Entry Level Software Engineer, I am ready to become a vital member of the next team I join. I possess a strong understanding of data structures and algorithms and have developed complex problem-solving skills. I am skilled in front-end development, back-end development, and mobile development, and I am eager to apply these skills to create innovative and effective solutions.

## EXPERIENCE

### WEB DEVELOPMENT INTERN
